

## Harvest Brings Record Amount of Wheat 5th War Loan Drive Is Nearly Over the Top

### Golden Wedding Is Celebrated

Mr. and Mrs. Andrew  
Jones Celebrate 50th  
Anniversary June 24

James Andrew Jones, who was 80 years old July 4, and Mrs. Jones, who is 67 years old today, celebrated their golden wedding anniversary June 24 in their home, 1513 Second Avenue among a host of relatives and friends.

Mr. Jones, born in De Kalb County, Alabama, moved to Elm Creek, now Troy, Bell County, Texas, in 1873 after having lived in Tennessee; Howell Co., Missouri; and Benton County, Arkansas. In 1892 his parents sold their large land holdings and drifted their sheep to Olney, Young County.

In Olney, Mr. Jones met Miss Ora Ewart, a native Texan. They were married June 24, 1894. Because of Andrew's asthmatic condition, they moved to Cheyenne, Okla., where they reared their three children, Arthur, Austin, and Neweta, Mrs. Cyril Cloud.

Still in search of a more healthful climate, in 1930 Mr. and Mrs. Jones moved to the farm just north of the Lakeside school house and changed from live stock-farmers to wheat-farmers.

Later they moved into Canyon because they were no longer physically able to operate the farm. Mr. Jones has been confined to his bed since November 12, 1942.

There are 3 grandchildren and 2 great-grandchildren. One grandson, Jack Silas Jones, is participating in the invasion of France.

Relatives with Mr. and Mrs. Jones for their 50th wedding anniversary were: two sons, Arthur of New Castle, Texas and Austin with his wife and 2 grandchildren of Cheyenne, Okla.; daughter, Mrs. Cyril Cloud; one granddaughter, Mrs. Henry Campbell and husband from Amarillo; a sister-in-law, Mrs. Partia Jones and 4 children from Roswell, N. M.; brother-in-law, R. E. Brown and two daughters, Elva Brown and Pauline Fletcher from Amarillo.

Approximately 50 friends from Canyon joined the immediate family and relatives in the afternoon to wish Mr. and Mrs. Jones "Happy returns of the day."

### Germany Relics Received From Sgt. Ellison

Mr. and Mrs. Carl Ellison have received a German soldier's pack and belt from their son, 1st Sgt. Curtis Ellison, who is somewhere in Italy with Co. F of the 36th Infantry Division. They have not heard how he got the equipment.

The pack is a substantial satchel made of heavy brown canvas and cowhide. The belt and shoulder harness, to which the pack can be fastened, is made of what appears to be a good grade of leather. On the metal belt buckle are the Nazi emblem and the words "Gott Mit Uns" (God with us).

For a number of weeks Sgt. Ellison was in the Cassino area. Prior to that time he was at Salerno. He was wounded in the hand during the battle there.

### Sgt. Clovis Vernon Here Monday on 30 Day Hospital Leave

Sgt. Clovis Vernon was here Monday from the home of his parents, Mr. and Mrs. R. C. Vernon near Happy. He is on a 30-day leave from the McClosky Hospital near Temple.

Sgt. Vernon carries four bullet wounds received from a Jap machine gun on Attu a year ago. His left leg was hit twice, the bone being badly shattered. Another bullet hit his right leg, but missed the bone. A fourth bullet went through his right ear, gashing his cheek.

Sgt. Vernon was wounded at 6 p. m. while he was leading a detachment of men to wipe out a machine gun nest. He lay on the battle field until 9 o'clock the next morning. He had three Jap overcoats to keep warm during the long hours of waiting for medical aid.

While his wounds are improving Sgt. Vernon will probably never see overseas service again.

C. J. Turner, M. O. M. M. 1/c, from Shamrock, who has spent 15 months in the Mediterranean area, is visiting his sister, Mrs. Homer Ewton.

### John E. Albers Wins Wings at Pampa Air Field

John E. Albers, son of E. H. Albers, received his commission and wings as a pilot, Tuesday, June 27, at the Pampa Army Air Field.

Lt. Albers received his basic training at Perrin Field, Sherman, and primary at Ardlege Field, Stamford. Before going to basic he had C. T. D. training at Sheppard Field Wichita Falls.

Lt. Albers is a graduate of Canyon High School of the class of 1938 and spent three years attending Texas Technological College, Lubbock, previous to entering the service.

After a 12-day furlough at home, Lt. Albers will report to Liberal, Kansas for transition training to B-24's.

### 4th of July Is Quiet Day With Most Canyonites

Fourth of July was a very quiet day in Canyon.

About half of the business houses closed, and the others had very little business during the day. Monday was a big business day as the people generally were of the opinion that stores would be closed for the day.

Due to the light shower in the morning, and continued cloudiness during the day, few flags were on display for the holiday.

### Historical Society Directors to Meet on Next Monday

Directors of the Panhandle-Plains Historical Society will meet at West Texas State next Monday afternoon.

At the recent banquet of the association it was decided to increase the number of directors. The new directors will attend the meeting of the association next Monday in order to assume office.

Other matters of business will be taken up at this meeting, according to Dr. L. P. Sheffy, secretary of the association.

### Sherman Higdon Promoted to Rank First Lieutenant

First Lieutenant Sherman R. Higdon has been promoted from the rank of second lieutenant at Goodfield Field Pilot School (Basic), where he is a flying instructor. The son of C. A. Higdon of Canyon, Lieutenant Higdon is a former student of the University of Texas.

### Bradford Black Is Now Ensign

Ensign Bradford Black, son of Mr. and Mrs. W. C. Black, has reported to Washington for further orders after spending a week on leave with his parents.

Ensign Black has just received his commission at Plattsburg, N. Y.

Mrs. Jack Walker arrived Saturday from Ft. Sumner, N. M. Her husband Sgt. Jack Walker, has been transferred to a camp near St. Louis. Mrs. Walker and her sister, Mrs. Anna Lee Vineyard, will leave Monday for St. Louis where they will work as long as Sgt. Walker is at this station.

BACK THE INVASION!

### FIFTH WAR LOAN DRIVE

THE SCORE ON JULY 3rd, 1944

OVER-ALL quota assigned to Randall County	\$195,000.00
Total bond sales and allocations (E Bonds included)	185,912.00
Amount yet lacking on Over-All quota	\$ 9,088.00
E BONDS	
E Bonds quota, (this being part of the Over-All quota)	\$110,000.00
E Bonds sales, (included in Over-All quota)	59,025.00
Amount yet lacking on E Bonds quota	\$ 50,975.00

The 5th War Loan Drive comes to a close Saturday night, July 8. While it is assured that Randall county will meet the over-all quota of bonds before the end of the week, the sale of E Bonds is still very slow. Only a little more than 50% of the E Bond quota has been reached, according to County Chairman R. H. Wright.

All E Bonds sold during July count on the 5th War Loan quota, but it is very urgent that the quota be reached by the end of the campaign. Harvest has kept many farmers at work, who usually buy bonds. They have expressed their desire to buy bonds as soon as harvest is over.

All citizens who have not bought E Bonds are urged to do so before the end of the week.

### Canning Plant Operation Soon

Women of County May  
Take Advantage of Free  
Facilities for Canning

As a tentative plan for operating the Food Processing Plant which is nearing opening date for Randall county, letters to patrons of the county set forth this basis: Anyone may bring in her food and do her own work without charge to her for other than the cans or jars and the food that she processes.

If anyone has food that she wishes processed and does not have time, it may be that others will process it on a percentage basis. 60% of the food going to the owner of the food; 40% going to the person doing the work, is a suggested plan for this type. However any basis satisfactory to both parties concerned will be approved by the supervisor.

Any plan that may be devised whereby everyone may be served by the Center will be considered as everyone concerned with the establishment of the plant is most eager for it to be used extensively.

Mrs. Gladys Archer is the supervisor of the Plant located in the Dining Room of Terrill Hall on the campus of West Texas State College.

### Watermelons Are Strewn on Hiway; Truck Overturned

\$680 worth of watermelons were scattered over and along the highway south of Canyon Monday morning.

A truck loaded with melons turned over. The truck had a broken part which threw the machine out of control. The driver had his hand smashed and lost one finger. A man riding with him was not injured.

Sheriff M. E. Cantrell and members of the State Highway Patrol were called to the scene to keep traffic moving.

Only a few of the melons were salvaged and taken on to Amarillo. The truck was insured, but the melons were a complete loss.

### Randall Co. H. D. Clubs To Attempt Apricot Buy

When the Randall County Home Demonstration Council met July 1st in the Courthouse at Canyon, with eight clubs represented, Mrs. S. G. Elliott, chairman of the marketing committee reported that since the H. D. Club women's purchase of 400 dozen pineapple for \$1500 was considered successful the marketing committee is to try to obtain apricots at \$2.50 per 1/2 bushel. Orders should be sent to Mrs. Elliott by July 10.

Mrs. W. T. Davis gave an interesting report on the distribution of County funds.

The study of Home Improvement and Poultry will be continued thru 1945.

Delegates to the state meeting Aug. 1, 2, and 3, in Austin, are Mrs. W. T. Davis, Mrs. G. R. Ross, Mrs. Angel. Their alternates are Mrs. Mason, Mrs. Winters and Mrs. Howell.

BUY ANOTHER WAR BOND!

### Bob Clark Has Made Improve- ment Coffee Shop

R. B. Clark, owner of Bob's Coffee Shop, has completed improvements on his place of business. A new fountain has been installed.

Bob Clark was president of the Canyon Lions Club during the past year.

### Shower Falls on Tuesday; Harvest Delay Few Hours

Canyon received a light shower Tuesday morning, with .07 of an inch falling.

All parts of the county received showers, just enough to hold up the combines for several hours. Combines started running in the afternoon.

The total moisture for June was 5.43 inches. This brought the total amount of moisture for the year up to 12.20 inches.

### Bruce Cleland, Lieut. (j.g.) Pacific Area

According to word received by Mr. and Mrs. J. S. Cleland from their son, Bruce, he has been promoted to Lieutenant (j. g.) Lieutenant Cleland has spent some time in that area.

Before entering the service Lt. (j. g.) Cleland was a teacher in Amarillo Public Schools.

### STORK SPECIAL

A daughter was born to Mr. and Mrs. Gerald Warwick Monday in San Diego, Calif. The mother was the former Juanita Foster, daughter of Mr. and Mrs. J. B. Foster. The father is rated as A. M. M. 3/c in the navy and has been stationed at San Diego since November.

Sgt. and Mrs. Cecil W. O'Donnell are the proud parents of a son, James Truett, born June 30, at Columbus, Ohio. Mrs. O'Donnell will be remembered as Miss Ruth Keenan.

### RECEIVES DISCHARGE

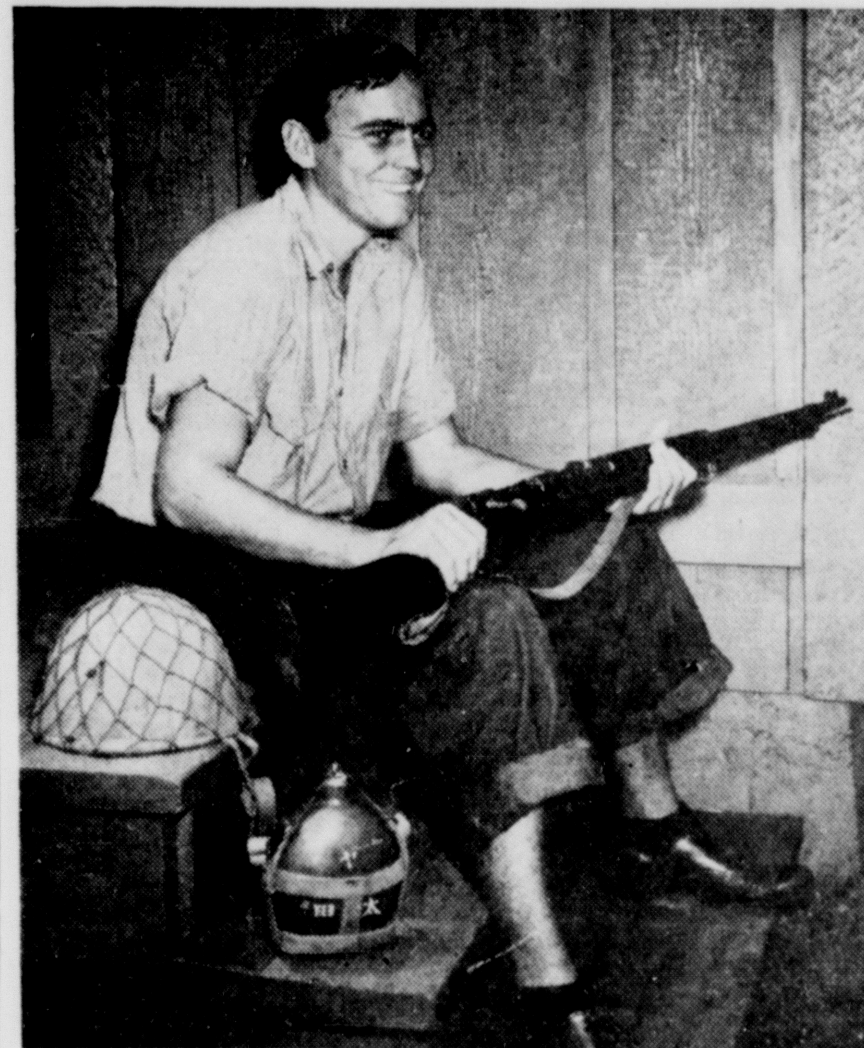

Charles Lloyd Buchanan has received a medical discharge from the army.

### MARRIAGE LICENSE

Buford N. Luttrell to Mrs. Eva L. Martin, July 1.

Arthur Bailey Duncan, Jr., is stationed at the Amarillo Air Field for mechanics training in the Army Air Corps.

### Jess Armstrong With Coast Guard

On an Island Somewhere in the Pacific: "When this war is over, I am going back to West Texas State College and finish my education. Then I am going into the business world and forget all about war."

These were the words of Coast Guardsman Jesse Armstrong, seaman, first class, of Canyon, who is resting on an island in the Pacific. Armstrong has been through the Marshall Island campaign and several other operations since he enlisted in the Coast Guard in July, 1943.

He is the son of Rev. and Mrs. C. C. Armstrong of Canyon.

### Election Dates Of Importance

Primary Election Will Be  
Held on July 22; Precinct  
Conventions on Same Date

July is a busy month so far as candidates are concerned. Several dates must be kept in mind.

July 1 to 18 is the time for casting absentee ballots. There is considerable interest in absentee voting in Randall county and the number of ballots cast by this method will probably be larger than usual.

Candidates must file their second expense account from July 9 to 13. All candidates filed their first expense accounts within the time limit of the law, but must now file a second account, even though they spent nothing after the first filing.

The first primary is held on July 22. Many voters are confused because of this early date of the primary. The law provides for the first primary to be held on the fourth Saturday in July. Since July 1 came on Saturday, the fourth Saturday comes on July 22.

On the afternoon of July 22, each precinct in the state will hold conventions. Delegates will be elected to the county conventions to be held on the afternoon of July 29.

The county executive committee meets to canvas the ballots on July 29.

### Records of 350th College Detachment Soon To Be Closed

Lt. Calvin Johnson, Supply Officer, is the only member of the 350th College Training Detachment who remains at West Texas State. He will meet auditors of the Army Air Corps about the middle of the month in order to close the local business.

All aviation students were shipped out last week, and members of the permanent party left over the weekend.

### PREACH AT MEMPHIS

Rev. Joseph Findley will preach Sunday afternoon at the First Christian Church in Memphis.

He will conduct the morning service at the local Christian Church and go to Memphis for the afternoon meeting.

The Memphis Church is paying off its debt and is holding an all-day celebration. Rev. Findley was pastor of the Memphis church from 1938 to January 1942.

Manus Read Foster, son of Mr. and Mrs. D. M. Foster, left Friday to report to the University of Kansas at Lawrence, Kansas for V-12 Naval Training.

### Shortage of Rail Cars Is Critical

Elevators and Farmers Are  
Forced to Pile Wheat; Yield  
Over County Running High

Wheat harvest will be about 50% complete today, according to the best estimates of farmers who are observing operations. This estimate is based on continued favorable weather in all parts of the county throughout the week.

The most serious phase of harvest is the lack of railroad cars to haul the wheat to terminal facilities. It is reported that terminals have been greatly handicapped by the lack of labor to unload and release the cars once the railroads get the wheat to the storage centers.

All elevators in country towns were filled before the end of the week. Railroad cars are taking only a small fraction of the wheat which is offered.

Many farmers are piling their wheat on the ground rather than wait too long with their cutting.

Big trucks are being used by many elevators to haul wheat to terminals where storage is available. This is the only method in sight for a major part of the wheat that is now coming to market.

From a transportation standpoint, trucks are the only means of which there are an abundance. Canyon has always had more trucks available than there were calls from the farmers. It is reported that there is a surplus of trucks in every county in the Panhandle. This situation was brought about by the fact that almost every truck in the territory was repaired and put into shape for handling wheat this year.

Locally, the manpower shortage has never been seriously acute. However, there are always jobs available for men who want work. The County Agent's office has been placing men for harvest nearly as fast as the demands are made by the farmers.

The average yield of the county will not be determined until harvest is completed. One large wheat farmer stated that his average will be more than 25 bushels to the acre. Others report wheat running as high as 40 bushels to the acre. There are some fields which will go even higher than 40 bushels.

### School Fund May Be Hiked Over the Legislature Limit

The State Board of Education has set the scholastic apportionment for the coming year at \$29.

The legislature set the rate at \$25. There is a surplus in the school fund and the State Board of Education hiked the apportionment to take up the excess. The Attorney General has been asked for an opinion as to the authority of the Education Board to exceed the limit as set by the legislature.

### Member of First Group in College Detachment Killed

Sheridan B. Marek was killed in a plane crash Friday according to a telegram received from his father by Ed Mickle. The funeral was at Taylor Monday.

Marek was a member of the first group of 200 men who were trained at West Texas State. He received his commission May 23. No details of the crash were received. The young man was here for five months and was known to many Canyon people.

### Leo Dufflot, Lt. (jg) Home on Leave

Leo Dufflot, Lt. (jg), son of Mr. and Mrs. J. L. Dufflot, has just been promoted to that rank from rank of Ensign. Lt. Dufflot has just completed his internship in Parkland Hospital, Dallas.

Lt. Dufflot is spending a leave with his parents before reporting to the Pacific Coast for further assignment.

After having finished West Texas Demonstration High School, Lt. Dufflot did pre-med work in West Texas State and the State University before entering the State Medical School at Galveston, where he received his M. D. degree.

### AMERICAN LEGION NOTICE

Monday night July 10 the American Legion will meet in regular session at the Legion Hall which has been turned back to the Legionnaires since the Detachment left the College. Every member is urged to be present at this meeting as it is time for election of officers for another year.

## The Canyon News

CLYDE W. WARWICK, Owner and Publisher  
Founded by Mrs. W. R. Morgan in 1896.

SUBSCRIPTION \$1.50 PER YEAR (In Randall and adjoining counties); \$2.00 per year in other counties of Texas and other states.

Entered at the Postoffice at Canyon, Texas, as second class matter. Published weekly at office, 1513 Fourth Avenue, Canyon, Texas.

Member of National Editorial Association and Texas Press Association.

Judged as the Outstanding Weekly Newspaper in Texas in 1942.  
Placed as an Outstanding Weekly Newspaper in "Editing The Day's News" in 1943.

For the moment at least, most Americans are wondering about this man Dewey. They know that he is a fighter, who has made for himself an enviable record in New York, both as a prosecutor and as Governor. His speech of acceptance was well received. But let it be remembered that any good speaker can prepare and deliver at least one good speech. The American people want to know more about him; what he stands for; and who is running his campaign, before they become too enthusiastic about his campaign. This is one campaign in which sound reasoning will carry a lot of weight. Dewey evidently knows this from the careful manner in which he sidestepped the real issues of the campaign. He wants to know who will be his opponent, "The Champ," or some other Democrat, before exposing his hand. His attack on the one man government; old age; bickerings within the cabinet and within the party, will all be good campaign material in later months regardless of his opponent.

We hear a considerable amount of street talk about the political possibilities of Roosevelt and Dewey. Those who favor Roosevelt always point to 1933-36 as the period of his greatest achievement. Those who favor Dewey point to the mistakes of the administration since the war started. The insolence of New Dealers and the bureaucrats is the sore spot which the voters remember. Maybe the President is not to blame for all of the mistakes which are apparent, but one thing is sure and certain—he has added billions of unnecessary expense to the war debt by holding to peace time practices during the war. As a spender of other people's money, Roosevelt has never had an equal in the nation. If re-elected for a 4th term he will keep on wasteful spending.

Comptroller Geo. Sheppard announced this week that Texas would be out of the red by January 1st. Governor Coke Stevenson has stated time and again that the state debt would be wiped out sooner than most people anticipated. This is good news, and something that the people of Texas fully appreciate. The people of Texas will show their gratitude on July 22 by re-electing those state officials who were responsible for liquidating the state's debt without a bond issue as called for by a constitutional amendment.

We shall know in two more weeks which faction will cast the Texas vote for the nomination of President in Chicago. If the bolting element wins at Chicago, then they will try to dominate the September State convention for the purpose of electing a new State Committee. Furthermore they will try to override the law by naming a new group of electors to be placed on the November ballot. There will be plenty of politics ahead in Texas.

If present conditions continue for another six months or a year there will be few rent houses left in Canyon. Every family which has lived here very long is seeking to buy a home. That is a healthy situation so far as permanent citizens are concerned, but is hard on those who wish to come here, rent property and take advantage of the splendid schools of Canyon.

Poor old Finland. We used to look upon her as a friend. Now she is heart and soul in the Hitler camp, largely because of political mismanagement. France was another victim of internal rottenness and mismanagement, falling easily to Hitler.

### Fairview Breezes

We were glad to have Bro. James' family at church Sunday as he filled his regular appointment.

This vicinity was drenched with some three inches of rain Wednesday afternoon.

Mr. and Mrs. Coleman and children, cousins of Hollis Shipman, visited in the Shipman home Sunday and attended church here Sunday night.

We were glad to have Mr. and Mrs. Reid and Geneve and James at Sunday School and church Sunday.

Mr. and Mrs. Walter Kirkpatrick and son visited Sunday with Mr. and Mrs. J. Pulcher.

Florence Evans visited Sunday Sunday night with her father and sisters.

Mary Fulcher returned from McLean Saturday after spending a week visiting her grandmother.

E. E. Wesley came home from California to help his father, J. W. Wesley, in the harvest.

Mr. and Mrs. Sharpes had as their guests the past week, Mr. and Mrs. T. Harding. He had been stationed in Attu the past 14 months.

Mr. Sharpes' brother, Kenneth, from Morton, visited him Sunday.

### CONVERSATION

A lady approached an Edinburgh surgeon and asked him if he would perform an operation.

"What for?" he inquired.

"Oh, anything you like. You see, I attend a lot of women's bridge parties and, never having had an operation, I simply can't take part in the conversation."

What about the war in Europe? Washington officials are warning us against optimism. We are told that the hardest part of the war is yet to come. The News has been a pessimist until recent weeks. Now we are hoping for victory before fall, just as General Eisenhower predicted. At this stage in 1918 the Americans were just starting their last big final push on the Germans. That push is on today, but under more favorable circumstances. We have much farther to go than we did in 1918; but we now have a super ally in Russia, which is rapidly pushing the Germans back; and we are pushing from both the west and south with super Allied forces. Furthermore, do not be surprised any day to hear of another sector being opened on the continent, which will add to Hitler's grief. Yes indeed, the worst fighting is yet to come, and our needs for equipment is mounting, but our air supremacy is softening up the German people, which was not possible in 1918. This is no time to lay down on the job of either buying bonds or producing food and equipment for our fighting men.

Texas voters are wondering what they are going to do if Roosevelt is the nominee for a 4th term. The President will carry Texas by the usual large majority. However, we remember that Hoover carried Texas, and he is the man who made it possible for Dewey to be nominated. At any rate, we have been asked about the pledge on the primary ballot, and here are the facts: The pledge on the primary ballot has nothing to do with the general election in November. The primary is strictly an affair of the state and not of the federal government. When you go to the polls in November you may vote as you like so far as the national ticket is concerned—just as those Democrats did who supported Hoover.

CIO is in politics and is spending huge sums of money to make certain the re-election of Roosevelt. Well, the Democrats took a half million dollars which John L. Lewis was willing to contribute eight years ago, and thought it was good business. This year John L. will spend his money in the Republican camp, but his miners will vote for Roosevelt. Fully 80% of organized labor will support the President for a 4th term, knowing that they will get what they demand whether there is peace or war. In the meantime 20 million white collared workers have actually suffered under New Deal manipulations during the war, largely at the expense of the 10 million members of unions.

The farmers of the Panhandle are in the saddle in a big way. The continued cattle boom has brought prosperity to everyone who has raised cattle, and to nearly all of the large number who make their living by trading in cattle. Now comes another big wheat, oats and barley crop. Land was never in better condition for a splendid row crop. All of this prosperity means that a land boom is on. Most farmers are using care in not going too much in debt as they buy more land. Those who play the game carefully will not suffer from slumps which always follow a boom.

Southern Democrats may succeed in ousting Wallace as a candidate for Vice President, but reprisals will be made against the South as sure as you are reading this. First, the anti-poll tax law is going to be passed by the combination of Northern Democrats and Republicans for the purpose of courting the negro vote; 2nd, the South's heavy vote in the Electoral College will be cut. Votes will be based upon the number of votes cast, rather than on population, which would whittle down the South's balance of power in the Electoral College. There are facts which will confront the South during the coming months.

According to the Gallup Poll, the American people are now agreed that the disapproval of the League of Nations 25 years ago led to the present war. They are now sold on the idea of some sort of an organization among the United Nations which will insure future world peace. Had Woodrow Wilson avoided stumbling blocks 25 years ago; and had the isolationists been more idealistic to Wilson's plan, we could have avoided the terrible cost of the present war.

The Texas Bar Association took a slap at the New Deal Supreme Court while in session last week. Lawyers are usually pretty careful not to criticize members of their profession outside the court room. But the lawyers of Texas could not stand idly by and swallow some of the decisions of the Supreme Court without protest.

The average American man at war is 25.1 years old. We don't know the average of the married ones fighting at home.

Fortune tellers are pretty dumb, but they aren't as dumb as those who believe in fortune tellers.

## HAS YOUR HONEYMOON HOUSE LOST SOME OF ITS CHARM?

Remember how you planned that honeymoon home? It was perfect—nothing ever like it before. Why not make it a point this year to go all through that first planning experience again? Why not restore that House of Magic appearance and comfort to its former state? It'll be a profitable move, add value to your property and give you a whole of a lot of refreshed personal satisfaction besides.

## Wartime Washington

(Newsletter by Gene Worley, Member of Congress for week of July 3-8, -944).

Everyone clearly recalls the economic chaos which was one of the aftermaths of the last World War. Millions who wanted to work and who were able to work could not find jobs. Soup kitchens and bread lines to feed the starving populace were set up. Agricultural products could not be sold and many farmers lost their farms. Business, both big and little, felt the clammy hand of bankruptcy on their throats. Grass and weeds grew in the streets.

This nation cannot afford another such catastrophe. And one big step taken to avoid the same crisis was taken on January 26, 1944, when the House of Representatives set up a Special House Committee—the Committee on Post-war Economic Policy and Planning.

The wide scope of its authority and work can be grouped under the following ten subjects:

1. Equitable termination of war contracts.
2. Disposition of surplus war commodities and Government-owned plants in a manner to protect the Government and prevent the flooding of domestic markets.
3. Insure the continuation of free enterprise and bring about a cessation of wartime regimentation of the people.
4. Maintenance of the standard of the American way of life.
5. New markets, both foreign and domestic, for increased production.
6. Problems of demobilization and effect on unemployment.
7. Reemployment of demobilized soldiers and war workers.
8. Public works Federal, State, and local—to the extent necessary to absorb the slack in employment by private industry.
9. Careful analysis of Federal statutes to determine which will retard and which will aid successful post-war conversion.
10. Generally to study the problems of recommendations for the reconversion of a highly geared war machine economy to a peacetime basis with a minimum of government direction.

It will be the duty of this committee, of which I had the good fortune to be named a member, to go thoroughly into each of the above subjects and to make recommendations to Congress. The committee has been in constant session and has heard representatives of agriculture, industry, labor, business, both big and little, and many other men of national prominence and reputation in every known field. Hearings will be resumed immediately after the brief Congressional recess.

Now I would like to know what you think about any one or all of the ten points mentioned above. The action taken by Congress is bound to have effect on you no matter whether you are a farmer, rancher, business or professional man. One question alone, namely the disposition of millions of dollars worth of surplus war commodities which the government owns for war purposes, is a staggering problem. Should all of these commodities, from a can of tomatoes to a battleship, be dumped on the market, scrapped, or otherwise disposed of?

The question of public works—if they are necessary to absorb unemployed people—is of great importance. Each community in the Texas Panhandle is probably interested in an airport or a dam for irrigation or recreational purposes or a public building of some kind. Many postwar community plans are now in the making.

I would greatly appreciate your taking the time to give me your comments and suggestions on these tremendous problems. We all know that the hardest part of the war is still ahead of us and we should do everything in our power to get it won. But at the same time it is necessary to be looking forward and planning for the time when peace is made. So let me know what YOU think about these problems—I'll appreciate it.

## I'm not losing face.

I guess you've seen pictures of those real ancient cars that are quite a fad with some prominent people. I'm no big shot, but folks envy me, even at that, for keeping this car like an heirloom. Oh, some say that any good motor oil would largely do the trick, and they're welcome to believe it. I simply say this: Keeping my engine OIL-PLATED ever since I switched to Conoco N<sup>th</sup> motor oil, has helped me beat the curse of engine acids. I got wise that acids from combustion always try to corrode an engine's inside finish, but OIL-PLATING furnishes special protection. A synthetic in Conoco N<sup>th</sup> oil, I've learned, behaves almost like magnetism. This makes the working parts attract OIL-PLATING, and hold on to it. It's fastened as closely as chrome plating to keep metal under cover from acids. That would certainly be a check on corrosion, from the minute you switch to an OIL-PLATED engine. So just get Conoco N<sup>th</sup> motor oil.

CONOCO  
**N<sup>th</sup>**  
MOTOR OIL

### MOLARS

The dude and the hill-billy were both rear rank privates and occupied adjoining bunks in barracks. One day the dude inspected his toilet kit, glanced at his neighbor and demanded sharply, "Did you take my tooth paste?"

"No, I didn't take no tooth paste," came the answer. "I don't need no tooth past. My teeth ain't loose."

It's too late to learn when you think you know it all.

### FISH OUT OF WATER

A party of six sat down to dinner. The waiter took the orders, and later, returned with the fish. Addressing a burly gentleman on the right the waiter inquired: "Are you the fried flounder, sir?"

"No," the gentleman replied, "but I'm a poor lonely sole with an empty place, and I'm waiting for something substantial to fillet."

To get ahead, use the one you have.

Police detained a Tennessee man who claimed he was the devil. Moral: Don't believe everything your wife tells you.

What tickles us are the women haters—with seven suits of clothes.

It's surprising how often a woman is holding the ladder that a man climbs to success.

The smart Victory Garden this year is all vegetables and a yard wide.

The Freshman Courting Fence

This is the story of a fence. Canyon, the small town in which West Texas State College is located, stretches east and west for quite a distance, as most students find when they go to town.

Midway between the campus and town is the home of Miss Mary Moss Richardson, recently retired, professor of English.

A few years ago Miss Richardson mentioned the idea of building a fence in one of her Freshman classes. This fence was not to be an ordinary fence. It was to be a low fence built of stone with tile topping.

Its height would make it a convenient resting place for boys and girls on their way to or from town. "Let us contribute the stone," suggested one freshman in the class.

Freshmen contributed many stones. Miss Richardson bought a number of tiles on literary subjects while traveling in Europe. Friends gave her others. Soon enough material was collected.

The fence was built.

At one end of the fence stands a pillar of stone five feet ten inches tall—the height of the teacher. Printed on a copper plate, imbedded in the pillar, is the poem "My Garden," by Thomas Edward Brown.

"A garden is a lovesome thing, God's vot!  
Rose plot,  
Fringed pool,  
Fern grot—  
The veriest school  
Of peace; and yet the fool  
Contents that God it not—  
Nor God! In gardens! when the  
eye is cool?  
Nay, but I have a sign;  
"Tis very sure God walks in  
mine."

The fence was dedicated in 1937 by Rev. Sam A. Thomas, Methodist

I Haven't Much to Buy—Dry Cleaning Is Real Economy

This person is clever in the ways of conservation and for devising more means of putting money into War Bonds. She has her clothes dry cleaned often—she knows the merits of our service—that her clothes will be returned to her "good as new"! Save on your summer wardrobe—bring the clothes you already have to us, for expert dry cleaning.

CANYON TAILORING CO.

OUR DEMOCRACY—by Mat

"Proclaim Liberty throughout the Land unto All the Inhabitants thereof." LEVITICUS XXV, 10.

THE LIBERTY BELL—Independence Hall, Philadelphia, rang on July 8, 1776 to proclaim the adoption of the Declaration of Independence on July 4. Its echo has sounded through the years, an enduring symbol of freedom and justice.

On this Fourth of July it calls on each of us for a rededication to those principles, for renewed faith and intensified effort in these stern days.

pastor of Miss Richardson's church.

Purpose of the Fence

"I present to you this fence, to be set apart from all unhallowed or common uses, that all who pass may rest from their labors and commune with God, and may forgive their neighbors of all their trespasses, that God may bring them into complete harmony and fellowship one with another," said Miss Richardson at the dedication service.

Thus a fence was built and dedicated to Miss Richardson's Freshmen English students.

It is Miss Richardson's desire that all Freshmen will take advantage of the fence; that they will pause on their way to or from town to consider the serious and beautiful things of life and cultivate lasting friendships.

Many Freshmen, new to the school, have passed the fence; perhaps because they have heard it called the "Freshman Courting Fence," they may have the wrong impression.

"Friendships are among the most

sacred things of life," Miss Richardson frequently declares.

This is the story of a fence with a story behind it—a story of friendship and devotion to God and His children.

SIMPLE

The quiet man in the crowd had grown tired of the boastful talk of the others. So, when there was a lull in the conversation, he began:

"This morning I went over to see a new machine we've got at our place, and it's astonishing how it works."

"And how does it work?" one asked.

"Well," was the reply, "by means of a pedal attachment a fulcrum lever converts a vertical reciprocal motion into a circular movement. The principal part of the machine is a huge disc that revolves in a vertical plane. Power is applied through the axis of the disc, and work is done on the periphery, where the hardest steel by mere impact may be reduced to any shape."

"What is this wonderful machine?" chorused the crowd.

"A grindstone."

HIGH FINANCE

A man noticed one morning that his newsboy had a puppy on his stand with a "For Sale" sign over him. Idly, he asked the boy how much he expected to get for the dog.

"Fifty thousand dollars," replied the youngster. "I won't take a cent less." The man whistled and passed along.

A few mornings later the man noticed the dog was gone. "Sell your dog?" he inquired.

"Yep," the boy grinned.

"Did you get your price for him?"

"Yep. Took a couple of twenty-five thousand dollar cats."

The judge was becoming quite disgusted with the jury which could not reach an agreement on what seemed a clear case.

Judge (very angrily): I'm tired of this situation, so I'm going to discharge you.

Juror Smith (defiant): You can't discharge me.

Judge: And please tell me why I can't.

Juror Smith (pointing to defense attorney): Because that man over there hired me.

SHE DIDN'T GET THE POINTS!

Old Mother Hubbard drooled at her cupboard

Complete with well over her ration.

An OPA inspector

Stopped in to checker her

You can reach her at the Third Precinct Station!

The average temperature of the ocean is about 39 degrees Fahrenheit, varying from 80 degrees in the tropics to around 28 degrees in the polar regions.

Thunder is rarely heard at a distance of 15 or 20 miles, but the discharge of a cannon as far as 100 miles.

Wayside Items

Rev. and Mrs. J. M. Menefee and Billy Mac, also her sister, Miss Marleah Ruth Campbell of Hagerman, N. M., attended services at Wayside Church. Rev. Menefee leaves Monday for Dallas to attend the Bible School.

Mrs. Tub Ramsey and children, Jerry and Jeannette spent the week end in the parental J. E. Culwell home.

Miss Patsy Jo Childress of South Plains is visiting in the W. R. Franklin Home. Miss Evelyn Sluder of near Happy spent Sunday night in the W. R. Franklin home.

Wheat harvest is in full swing. The weather has been good most of the time.

John Stockett has lately purchased a pick-up.

Not much news this week. Everybody is busy, busy, busy!

"Father," said the sharp little boy, as they sat around the family teatable, "I saw a deaf and dumb beggar in the street this afternoon and he had an impediment in his speech."

"A deaf and dumb man with an impediment in his speech!" exclaimed father. "Don't talk nonsense!"

"But he had father," insisted the youngster; "one of his middle fingers was missing."

THAT'S HIM

Man (telling friend how to find his home when he calls on him): "You go a long way out a road untill you come to a red barn, but that's not me, so keep on going till you come to an old house, but that's not me, either. Just keep on going and you'll come to a white house with a pig in the yard—that's me."

POLITE

A firm of lawyers rang up a stockbroker, and the following conversation took place:

"Good morning. Are you Mr. Denman?"

"Yes. Who is that?"

"This is Hullett, Craftling, Studge, Minarriddy, Gowie, and Scarrow."

"Oh, good morning, good morning, good morning, and good morning."

CAUSE FOR WORRY

The teacher was talking of Niagara Falls. "The falls are slowly wearing back to Buffalo and in the course of 200,000 years they will wash away Erie."

One of the girls in the class began to cry and the teacher asked what the trouble was.

"Oh," wailed the girl, "my sister lives at Erie."

A little girl of five was entertaining while her mother was getting ready. One of the ladies remarked to the other with a significant look. "Not very p-r-e-t-t-y," spelling the last word.

"No," said the child quickly, "but awfully s-m-a-r-t."

A pretty young girl applied for a job in the church office and was given an application blank to fill out. When she came to the line which read, "Last engaged," she hesitated a moment and then wrote in a flowing script: "To Jack Miller."

"My husband was a confirmed smoker until I married him a year ago, but today, my dear, he never touches the weed."

"Well, I never. To break off a life-time habit requires a strong will."

"Yes, that's what I've got."

First Patient: "What does the little man who wasn't there eat for breakfast?"

Second Patient: "Ghost toasts with evaporated milk."

Private Hambo: I sure don't like our New Top Kick! They say his reputation is questionable.

Private Sambo: Questionable? Say, there ain't any doubt about it!

JARRETT DRUG CO.

STRONG MEDICINE

She was one of those nagging wives.

One night she attended a lecture on "A Smiling Face Wins Through." The lecture so impressed her that she decided to try an experiment. Consequently, when her husband came down to breakfast the next morning he was met by a beaming wife—and no nagging words for being late.

For a moment he stood dumbfounded in the doorway, then collapsed: "Holy cow!" he mumbled weakly. "She's got lockjaw."

Mistress: Fanny! Did you mail the two letters I gave you?

Fanny, the maid: Yes'm, at the post office. But I noticed that you put the three-cent stamp on the foreign letter, and the five cent stamp on the city letter.

Mistress: Oh, my Goodness, what a terrible mistake!

Fanny: But I fixed it all right, Mis' Hawkins, I jus' changed the addresses on the envelopes.

"Mummy," asked the small son, "daddy wouldn't murder anybody, would he?"

"Why certainly not, dear. What makes you think so?" asked the horrified mother.

"Well, I heard him in the cellar just now saying: 'Let's kill the other two, George.'"

Two workmen sat down to eat their lunch and one unwrapped a long package.

"What's that?" asked Bill.

"Well, my wife is not at home," said Joe, "so I made a pie for my lunch."

"It's a bit long, isn't it?"

"Of course it's long. It's rhubarb pie."

The young man had taken too many cocktails and suspected his table partner was aware of it. With careful politeness he offered an apology. "And anyway," he added, "though I may be under the influence of inochol, I'm not so thunk as you drink I am."

The speed of the whirling winds of a tornado is estimated as equaling or exceeding that of a tornado.

# Social Events of the Week Clubs and Organizations

## MRS. J. W. HORN HOSTESS TO EDGETOWN H. D. CLUB

Edgetown Home Demonstration Club met with Mrs. J. W. Horn, June 19.

Miss Patterson gave a demonstration on boning and canning chickens. Chickens should be about 2 or 3 years old to be most satisfactorily canned. Take off surplus fat as the fat causes the meat to acquire a strong taste and odor.

Two new members were added: Mrs. J. R. Sharp and Mrs. S. L. Terry. Members present were: Mrs. Frank R. Phillips, Mrs. Charles Stratton, Mrs. W. B. Smith, Mrs. W. I. Wester, Mrs. L. L. Gore, Mrs. O. M. Solomon, Mrs. G. R. Cox, Miss Pennine Cox, Mrs. J. H. Wright, Mrs. P. L. Walters, Mrs. W. T. Davis, Mrs. W. L. Rice, Miss Mabel Solomon, Miss Patterson and one visitor, Mrs. DeGraffenried.

The next meeting will be in the home of Mrs. Frank R. Phillips. Miss Patterson will give a demonstration on furniture and furniture arrangement.

## MRS. W. R. CROW HONORS RITA JO CROW'S BIRTHDAY

Mrs. W. R. Crow honored her daughter, Rita Jo, on her eighth birthday Friday, June 30 with a lawn party.

Games such as "Little Red House Over the Hill," "Drop the Handkerchief," "At the Zoo," "London Bridge," and others were played throughout the entertainment hours.

Refreshments of ice cream, angel food cake and punch were served to Jimmie and Mary Owens, Eloise Money, Shirley Faye Peppard, Windene Nicholas, David Miller, Bobby Cole, Alice Mae Simms, Al Rushing Myers, Virginia and Leo Rigsby, Joyce Barker, Louetta Dea and Jackie Crow, Annah Belle Doris, Ted Briggs, Margie Neill, Ronald D. and Carl Gene Crow, Mrs. Jack Crow, Mrs. Geo. Barker, Mrs. W. R. Crow and the honoree, Rita Jo.

Mrs. T. S. Maxwell and Mrs. Jim Strain spent this week in Dallas at market buying Christmas goods.

## Gilliam Honored at Knighton Home

S/c Dick Gilliam and Mrs. Gilliam, who until her recent marriage was Miss Gwendolyn Phillips, daughter of Mr. and Mrs. Ed Phillips. Seaman Gilliam has reported to the Pacific Coast for further orders. Mrs. Gilliam is making her home with her parents and is back at her counter with M. E. Moses & Company.

Friday evening from 8:30 to 10 o'clock, Mrs. Boyd Moore, Mrs. Frank Hicks and Mrs. Tom Knighton entertained more than 50 guests to honor Mrs. Dick Gilliam with a shower at the home of Mrs. Knighton.

Guests were received by Mrs. Knighton. Mrs. Moore and Mrs. Hicks served wheat wafers, cookies, mints and punch to the guests after they had looked at the gifts which were unwrapped by the honoree.

## Mrs. Mills Still In Indiana

Mrs. Eugene A. Mills, who before her recent marriage in Indiana was Miss Kathleen Carr, daughter of Mr. and Mrs. J. D. Carr, is making her home in Edinburg, Indiana, while her husband is stationed near there.

Sgt. and Mrs. J. W. Cole are spending a few days in the parental G. C. Cole home. Sgt. Cole is enroute from the Classification Department of Personnel of Anti-aircraft Replacement Training Center, Fort Bliss, El Paso, to Camp Lee, Va., where he will receive special training in the Quartermaster School.

Mrs. S. E. Hunt and little daughter, Mary Sue of Moorwood, Okla., are visiting in the home of her sister, Mrs. O. B. Vaughan. Also visiting in the Vaughan home is her daughter, Mrs. B. B. Burger and daughters, Wanda Marie and Linda Fay. Mrs. Burger is making her home on the ranch with Mr. and Mrs. Hunt while her husband is in the service.

Pvt. Henry M. (Tikey) Parker, Somewhere in England, is now a postal clerk in a Headquarters Squadron of the 9th Air Force, according to a letter to his mother dated June 22. He has been to London and is seeing all of England that he can.

Mrs. Dan Altman of Post, Mrs. Si Marchbanks of Mobeetie, and Mrs. Carl Stone of Pharr are spending the week with their sister, Mrs. J. Madison Daugherty and her husband.

Mrs. Jack Barnard left yesterday for Atlanta, Georgia, to visit her husband, Pvt. Travis J. Barnard, who is in training at Camp Gordon, near Atlanta.

Mrs. W. H. Upchurch and grandson, Bobby Cole, have returned from Oklahoma where they have been with a sister of Mrs. Upchurch who is seriously ill.

Pvt. and Mrs. E. D. Stoddard and mother from San Diego, Calif., are visiting for a few days with Mrs. B. F. Kennon. They are enroute to Mississippi where Pvt. Stoddard is stationed for additional training.

## More History of Churches in City Is Disclosed

The Methodist Church in Canyon started a new building program under the leadership of Rev. M. M. Beavers. He read in the papers about the Methodist Church granting help to the building of a house of worship at A. & M. College. He said, "There is no argument upholding the construction of a church at College Station, that would not apply with equal force to the erection of one in Canyon.

Being a fine business man, he did not let the idea lie dormant, but became active in correspondence. He secured the promise from the denomination that for every seven thousand dollars raised by Canyon, the church would donate five thousand.

The building proceeded no faster than the money came in. When the local church had its seven thousands, the church donated its five. Once the money was slow in gathering, and the heavy iron girders stood in the freight yards. People would say, "When will that Methodist church be finished?" The answer would be, "When the money comes in." It came, and the building progressed.

When the corner stone was laid, there was a north wind and a wet snow. The dignitary from Nashville shivered and shook; Rev. Beavers suggested that all the twenty-four or five people present should keep on their hats. The ceremony completed, one of the audience went home and brushed the snow from the violets and gathered a bouquet of blossoms to take the preacher. He had already gone to the train, sharing the belief of many people that there is only a barb-wire fence between the Plains and the North Pole.

## Dewey Turner Sends Full Details on D-Day Experience

Pfc. Dewey Turner, Co. "C" 146 Engineers (C) Bn., after 18 months in the service and after having been in England since October was a member of the landing party on "D-Day" and writes his mother and father, Mr. and Mrs. J. H. Turner, thus:

Somewhere in France, June 20: I have a little to tell. It's not a very good thing to talk about but here goes. . . I will start on D-Day. We were some of the first men to hit the French Coast and it was plenty hot. Machine gun bullets were as thick as bees. Our job was to clear the obstacles off the beach where the landing barges could get in. We did our job.

We are a long way from the front. We haven't done anything much since the first landing, but we will probably start building roads and bridges later on. There will be no danger in that.

All I can say is that the men that were in the first wave that made it had the Good Lord with them; it wasn't just good luck.

We have been sleeping in fox-holes ever since we came here but it isn't so bad. We have plenty of blankets. The weather is warm and although it rains every once in a while we stay dry.

The French people were surely glad to see us. As you know they have been under the Germans for three years. They are good people. The only thing is that they can't speak English. We have two boys that can speak French. The rest of us have to stand around and let them talk to all the girls.

For a treat we are having a little sweet milk that the French farmers give us. Then there are a few cows near our camp. You know the rest.

Miss Lorene Hall of Amarillo and Miss Florence Hall of Pampa were week end guests of Mrs. Albert Brown.

Mr. and Mrs. Gene Zachry of Tulsa are visiting in the parental E. N. Zachry home to assist during the local harvest season.

C. L. Woods from Pittsburg, Calif. is visiting with his sister, Mrs. E. Mickle, and family.

## MICKIE SAYS—

## Nominees of the Republican Party

Governor Thomas E. Dewey of New York, famous trust-busting District Attorney, was nominated by the Republicans at Chicago last week. Governor John A. Bricker of Ohio, pictured below, accepted the nomination for Vice President. Bricker had carried on an active campaign for the presidential nomination, but withdrew to second the nomination of Dewey.

## V-NEWS

Have you thought about these ways to avoid food waste in the home?

Separate the large stalks of broccoli, chard, or cauliflower; cook them in boiling water until tender and serve buttered or with Hollandaise or cream sauce. Cooking the large stalk with the leafy portion is poor practice since the longer cooking period for the former results in excessive cooking of the leaf with a consequent loss of vitamin content. Saving the torn outer leaves of lettuce which have the highest concentration of vitamins and using them shredded as a nest for various salads. Or shred the lettuce rather fine; for each quart, brown two small slices of bacon, chopped, and toss the hot bacon and fat with the lettuce; at once, pour into the hot skillet, 1T vinegar, ½t salt, heat and toss with the lettuce. Fresh raw spinach is also appetizing served in this way.

Cook potatoes in the skin whenever possible; authorities find that approximately 16% of the potato is lost even when the peeling is carefully done. Never allow the cooked potato to stand in water.

Use bacon rind or the paper in which fats are wrapped to grease baking pans.

Break up that extra slice of bacon and cook it with the cornbread; or chop up the left-over meats, mold in mush, and fry.

Remove the excess fat from chops—unless the family enjoys eating it—and use for seasoning greens, beans, or other vegetables.

Avoid peeling carrots; brush the new and scrape the old ones.

## Fuston Holds Revival For Assembly of God

C. G. Fuston, evangelist from Dallas is conducting an old fashioned revival at The Assembly of God Church. Good singing is a feature of the services in addition to the inspirational messages.

Topics being discussed are "Signs of the Time," "Where is America According to the Bible," "Divine Healing," "Second Coming of Christ," and others.

Everyone is welcome to come and enjoy the deep fellowship of the church.

## Baptist Vacation School in Progress

The annual Vacation Bible School at First Baptist Church in Canyon began Monday with an attendance of 93 as compared with 84 in 1943 and 66 in 1942. The general workers include the pastor, Dr. Roy L. Johnson; Bob Kilgore, principal and teacher of music; Mrs. Roy L. Johnson, general secretary.

Department superintendents are Mrs. Mark Laughery for the beginners; Mrs. Fred Standley for the primaries; Mrs. W. T. Davis for the juniors, and Mrs. J. J. Boling for the intermediates.

The school begins at 8:30 each morning and continues three hours. Children of all denominations are represented in the enrollment. New boys and girls will be accepted through Monday, July 10th, and a commencement will be held on Friday, July 14th, demonstrating much of the work done during the school.

**BENJ. FRANKLIN, PRINTER**

When this intellectual giant, versatile genius and great man of the people, sat down to compose his own epitaph he paid an immortal tribute to those who work with printer's ink, for he wrote of himself, not as a statesman, diplomat, inventor, scientist or philosopher, but penned instead these words:

"The body of Benjamin Franklin, Printer (like the cover of an old book, its contents torn out, and stripped of its lettering and gilding,) lies here food for worms. Yet the work itself shall not be lost for it will (as he believes) appear once more in a new and more beautiful edition, corrected and amended by the author."

A stranger said to the farmer's boy across the fence: "Young man, your corn looks kind of yellow."

"Yes, that's the kind we planted."

"Don't look as if you'd get more'n half a crop."

"Don't expect to. The landlord gets the other half."

"Boy," said the stranger, after a pause, "there isn't much difference between you and a fool."

"No," replied the boy, "only the fence."

Wiseacre: I'll tell you, the kind of traffic we have nowadays, these improved roads ought to be built forty feet wide.

Wise-cracker: It wouldn't make much difference, for the trucks and buses would then expand to thirty-eight feet.

What many of us need most is a vigorous kick in the seat of our cant's!

## Myers Family Holds Annual Reunion July 4

July 4th marked another annual reunion for the Myers family, which was first started in honor of J. M. and Mrs. M. K. Myers, when they moved to their ranch on the Plains, in 1902. The family still meets to pay tribute to those who have passed on to their reward. Mr. and Mrs. Jim Myers, W. S., and E. W. Myers.

The honor, this year went to Mrs. Jim Johnson (Ida Myers).

Thirty-two met in the home of Mr. and Mrs. W. E. Lane, 2111 Pierce Street, Amarillo. The members marched out under the flags of Old Glory, to the cars, loaded with good things to eat, and assembled in Elwood Park where the table was spread, and Mrs. Jim Johnson gave thanks. The afternoon was spent in visiting.

Music was furnished by Mrs. Bob Combee, W. C. Myers, Ora and Virgil Cook.

Original compositions were read by Mrs. Eunice Myers, Mrs. Mattie Price. Minutes of previous meetings were read by Mrs. W. S. Myers.

Readings were given by Mrs. W. E. Lane, and a visiting friend, Mrs. Sam Tibbits. Many songs were sung, but Rolan Myers sang several specials.

Those present to enjoy the occasion were: Mrs. Lillian Chambers; Mr. and Mrs. Bob Combee and children, Jean Nan and Barbara Ann; Mr. and Mrs. Ora Cook and children, Mary Louise, Frank Tigart, Jr., and Leona Cook; Mrs. W. A. Cook; Mr. and Mrs. Virgil R. Cook and children, Virgil Gene, Virgil Jr., Beula Jo, Jerry Dale, Tarry Don and Sharon Dell; Mr. and Mrs. W. E. Lane, all of Amarillo.

Mrs. W. S. Myers; Mrs. Bud Myers and son, Roland; and Mr. and Mrs. Jim Johnson of Canyon.

Mrs. Mattie Price of Plainview; Mr. and Mrs. W. C. Myers and daughter, Nan Ella, of Lubbock; Mrs. Elton Walcott and children, Patsy, Buddy and Rex of Waynoka, Okla.

Your Personal Representative Is Your

Be Sure It Shows You at Your Best

Of course the boys overseas, or in the training camps are always glad to hear from you—but you make a better impression, and show more interest by using good stationery.

The best costs very little more than the cheap variety. Visit your big stationery store for your gifts.

WARWICK'S

THE GIFT STORE

One Sunday morning the pastor of a colored congregation noticed that an old face had reappeared among his flock, and after the sermon he made it a point to welcome the supposedly repentant backslider.

"This is the first time I have seen you at church for a long time," he said. "I'm sholy glad to see you here again."

"Ah done had to come," explained Rastus. "Ah needs strengthenin'. I'se got a job white-washing' a chicken coop an' building a fence roun' a watermelon patch."

A two-star general, returning to camp one evening, couldn't produce his identification. The rookie on guard duty, unimpressed, refused to let him pass through the gates. Finally, the exasperated general bent forward, pointed to the stars on his shoulders and bellowed: "Do you know what these mean?"

"Sure," popped the rookie, "you got two sons in the service."

Mrs. Briggs: How's your hired man's liver by this time?

Mrs. Wiggs: Oh, it's still very lazy, like the rest of him.

Creditors usually have better memories than debtors.

## TOWN and FARM in WARTIME

Prepared by OFFICE OF WAR INFORMATION

### REMINDERS

Meats, Fats: Red stamps A8 thru Z8, good indefinitely.

Processed Foods: Blue stamps A8 through Z8, and A5, good indefinitely.

### BUYS \$50 BOND EACH MONTH

When the War Finance Division of the Treasury sent Pay McDougal, Fairmont, W. Va., farmer, a letter urging him to buy Fifth War Loan Bonds, Mr. McDougal wrote back: "Beg to reply I do not have to be asked to buy more war bonds. I have a son in service in Italy, who is buying a \$100 bond each month. I bought \$675 worth of bonds last year on a salary of \$1,400.65. I have averaged a \$50 bond per month so far this year. I do not see where I can do better than the above average." The last day of the Fifth War Loan Drive is July 8.

### PROCEDURE FOR SELLING USED CARS

Newly established ceiling prices for used passenger cars and certificates of transfer required on all

completed sales may be obtained from local War Price and Rationing Boards or car dealers, the Office of Price Administration announces. Prices vary by three geographical zones. After July 10 any seller and the buyer of a used car must jointly fill out a transfer certificate giving the applicable maximum price, the actual selling price and other details of the sale. The purchaser then files the completed certificate with his local War Price and Rationing Board.

### HOW TO BE WARM NEXT WINTER

You can make scarce fuel go further next winter by preparing your home for winter now, be you owner or merely a lease-holder, the Federal Housing Administration says; an FHA title loan will enable you to borrow enough to pay for materials and workmanship needed to insulate your home, to repair your heating plant, to install storm windows—up to as much as \$2,500. You can borrow enough for any or all of these things without down payment.

without security and with three years in which to pay, FHA says. Get best prices on jobs you want done, then get your local dealer or contractor to tell you where you can get an FHA title loan to cover the entire bill.

### SOME FOODS AGAIN RATIONED

The OPA has restored rationing to best cuts of lamb in order to get better distribution among customers, and it has restored point values to certain types of cheese and canned asparagus, peas and tomatoes, which were unrationed for two weeks because of large stocks on hand.

### OPA Names New CEILING PRICES

Ceiling prices have been established by OPA on watermelons, alfalfa hay, sweet peppers and hot-house cucumbers, none of which has been under nationwide retail price control. Retail watermelon prices should decline substantially from last summer's figures. Alfalfa producers per ton ceiling prices range from \$19 to \$26.50. Ceilings on sweet peppers and hot-house cucumbers represent reductions at retail. OPA also has set maximum prices for the 1944 crop of red and black raspberries, dewberries and blackberries.

### JEEPS FOR FARM USE

The army jeep promises greater usefulness as an auxiliary work implement on a large farm than for general work on the average farm, according to indications reported by Domestic Commerce, official publication of the Department of Commerce. Tests have been made on jeeps at the Tillage Machinery Laboratory, Auburn, Ala., and in connection with Pennsylvania State College. Perhaps half a million jeeps have been manufactured and more will continue to be made until the war ends.

### NATIONAL RESTAURANT REGULATION

For the first time, public eating and drinking places will be covered by a national restaurant regulation July 31, when they must post their April 4-10, 1943 base period ceiling prices for 40 basic menu items served, OPA announces. However, a cup of coffee with sugar and cream may sell for no more than a nickel at any establishment that did not charge more than a nickel for it October 4-10, 1942.

### HOUSEWIVES HELP SAVE EGGS

The extra egg-buying of American housewives has made it possible to save the 25 million dozens of eggs that were in danger of spoilage a few weeks ago for lack of storage space, War Food Administrator Marvin Jones said. Retail stores, newspapers and radio were of great help in calling attention to the problem, he said.

### ROUND-UP

OPA announces that—retail ceiling prices recently established on certain farm tractor tires include—\$52.85 for 9-24 10-ply rear; \$35 for 7.50-10 8-ply front; and \$9.55 for 4.00-12 4-ply front. . . . The stock of 30,000 new cars yet remaining in the U. S. July 1 was the equivalent of a three day's normal supply, and 7,000 have been allocated for July rationing. . . . "T" gasoline coupons marked "2nd Qtr.", issued as special rations and which do not expire until after June 30, may be exchanged for third quarter "T" coupons.

WPB says—two-toned shoes with other than leather soles may be made beginning September 1. . . . Shortage of workers, and not material or machines, is holding up production of farm radio batteries, but production is expected to be improved by fall. Full responsibility for rationing and distributing new trucks, truck tractors, trailers and other commercial vehicles to essential users has been transferred to the Office of Defense Transportation. . . . The linen tueling and sheeting situations continue to grow tighter. . . . Dry cleaners report urgent need of wire garment hangers because paperboard hangers have proved costly and impracticable.

WPA says—farmers and dairies may now purchase new milk cans for handling milk and milk products without purchase certificates. . . . Government reserves of canned fish from the 1944 pack have been increased because of increased war requirements.

Before DDT, the new insecticide, may be recommended for general use for agricultural purposes many more tests must be completed as to its effect on insects, plants and higher animals, the Department of Agriculture says. . . . Despite shoe rationing, the American people have

## News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of July 3, 1919)

Rev. B. F. Fronabarger, pastor of the Baptist Church, states that \$30,000 has been pledged to begin construction on a new building for the Church next year.

Capt. Wm. Younger arrived home from France after his discharge.

Plans are being made to erect a monument on the court house lawn in memory of the 10 boys who lost their lives during the war.

The First State Bank increased its capital from \$25,000 to \$32,000. Officers and directors are: Dr. J. M. Black, R. H. Wright, D. A. Park, Grady Oldham, J. W. Reid, L. A. Pierce.

W. W. Kuehn bought the Guthrie Garage.

Mrs. J. O. Turner was beaten to death by her step-son, Onnie Turner. The young man was taken to the hospital for insane after trial.

Dr. J. A. Hill is in Austin in the interest of a \$150,000 appropriation for a girls' dormitory. Representative Lee Satterwhite introduced the bill and is assured that it will pass.

The legislature has virtually turned down the proposal of buying the Goodnight ranch.

A son was born to Mr. and Mrs. J. L. Duflo.

W. E. Thatcher, who has had charge of the News for several months, has moved to Duncan, Oklahoma.

bought an average of 3.2 pairs of rationed and unrationed shoes annually, more than consumers in any other country, the Department of Commerce reports.

### DESTRUCTION AT WHOLESALE

A man, visiting a house for the first time, found that his host was the father of three wild children. The latter made so much noise that the visitor found it difficult to hear a word that was said.

One child was busy ripping the upholstery of a brand new divan. A second lad was driving nails into and expensive table, and the third was gaily hanging from a chandelier.

The bewildered guest eyed the youngster who was driving nails into the furniture. He turned to his host.

"I say," he said, pointing to the boy with the hammer, "don't you find it rather expensive to let your children play like that?"

The host smiled proudly.

"Not at all," he replied cheerfully. "I get the nails wholesale."

### DELAYED ACTION

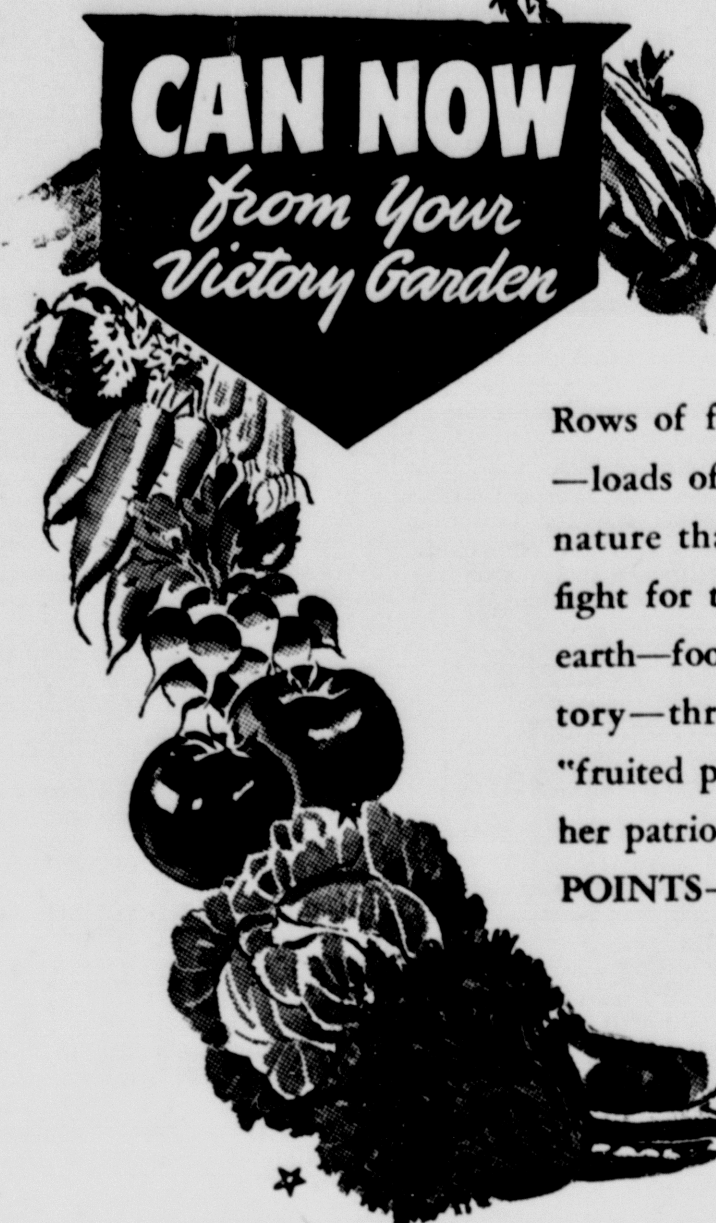

British bombers were over Berlin, the sirens were screaming and people were racing for the shelters.

"Hurry up!" cried the housewife to her spouse.

"I can't find my false teeth," called the befuddled and tardy husband.

"False teeth!" returned the exasperated wife. "What do you think they're dropping? Sandwiches?"

In prehistoric times, the camel, the elephant and the rhinoceros were inhabitants of North America.

"Can all you can  
this summer!"

Rows of fresh food crammed with vigor—loads of fun—plus the teamwork with nature that inspired our forefathers to fight for the freedom of their own good earth—food leads the parade toward Victory—through America's gardens and "fruited plains"—on the road laid out by her patriotic home canners! SAVE FOOD POINTS—CAN YOUR OWN!

J. J. WALKER DRUG STORE

A sign in front of a confectionery in the little city of Blanco reads: "48314 San Pedro Avenue."

Could it be that the city limits of San Antonio—San Pedro is a street in that city—are striving to become as all inclusive as the city limits of Los Angeles?

"The Dog House" is the name of an establishment in the Alamo City. You can buy food for your dog there.

Do you remember that a while back there was a great hue and cry for a special session of the legislature to "do something" about the deficit in the State's general fund and that this writer opposed a special session on the subject because, partly, it would cost several hundred thousand dollars of the taxpayers' money and, mainly, because the deficit would wipe itself out in a short time?

Well, did you read in the papers the other day where the deficit has been cut \$21,000,000 during the past year and is now only \$831,000 and would be wiped out entirely in a few months?

The hill country was radiant with wild flowers after the rains when this observer made a bus trip thru that region recently. Between Marble Falls and Burnet, there were yellow flowers with a black center; others with pink petals that faded until the tips were lemon-colored; then there were slim stalks with yucca-like blooms; tiny white flowers, and others that were blue, and there were tall stems that were tipped with crimson blossoms, and even the cactus had yellow blooms. What with the hills and trees and winding highway and rivers and valleys and the browsing flocks of goats and sheep, that really is a delightful section.

An Irishman, newly-arrived in the United States, wanted to buy a clock and the salesman showed him a cuckoo clock something Pat had never seen before. "How do you like it?" the salesman asked. "I wouldn't want that one," Pat answered. "It's enough trouble windin' up a clock without havin' to feed a bird."

#### IS THAT CLEAR?

A mother who had a daughter employed in defense work in Washington, wrote to ask her just what she was doing. The reply follows:

"I work in the data-analysis group of the aptitude-test sub-unit of the worker analysis section of the division of occupational analysis and manning tables of the bureau of labor utilization of the War Man-Power Commission.

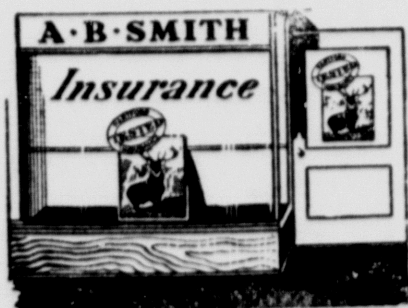

#### A SAD FATE

"There! Broke my looking glass! Now I suppose I shall have seven years' bad luck," said Mrs. Jones.

"Don't you believe it, Mrs. Jones!" said Mrs. Brown. "A friend of mine broke hers, and she didn't have seven years' bad luck. She was killed in an explosion next day."

There's always a bright side! With folks unable to drive to vacation spots, we won't have to look at so many vacation photos this summer.

As to the size of war bonds you buy—the bigger the better to batter the enemy.

THERE IS much more to our business than writing your insurance policy in a dependable company. In more ways than most people realize we can be of service and when a loss comes we are here, on the spot to help you protect your property and prepare your claim.

Consult us often.

# HURRY UP, AMERICA! GIVE HIM YOUR ANSWER!

*the Fifth War Loan Drive ends July 8th!*

#### AMERICANS!

You in the factories. You in the offices. You on the farms. You in the homes.

You cannot—you *must* not—fail to get behind your fighting man in this supreme, heroic hour.

He knows what's *ahead*.

Bloody, bitter fighting... superhuman toil... hardship... pain... perhaps death.

He's facing it. He'll keep on facing it, as long as there's breath in his body and blood in his veins.

But he wants to know *what's behind him*.

And you have *only a few days left* to give him the answer.

That answer will be written in the final figures on the Fifth War Loan Drive.

For this is the crucial, the all-important Drive. Never has the need for War Bond buying been so great.

To make the Drive a success, you—and everyone else—*must* buy at least *twice* as many Bonds as you bought in the last drive.

If you haven't yet bought your full share, **DO IT NOW!** The time is short! Make **YOUR** supreme effort in **HIS** supreme hour!

Remember—a soldier, *your* soldier, is waiting for his answer.

What will it be... from you?

And here are  
**5 MORE reasons for buying  
EXTRA Bonds in the 5th!**

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

## Highland News

The elevators at Wildorado and Bushland are doing a rushing business and have had to be closed part of the time because they are full and waiting for cars to ship out. A lot of wheat is not yet ripe enough to combine. Reports thus far have been wheat making 30 bushels an acre and better and a few reported extra good blocks that made 40 bushels per acre.

Mr. and Mrs. L. J. Fulton, Jr., and young son of Dallas are visiting at the L. J. Fulton and Elmer Mason homes.

Mrs. Raymond Kimball was brought home from the hospital Friday and is reported to be getting along fine.

Mrs. Tom Watson and Mrs. Elmer Mason were hostesses in a shower honoring Mrs. D. McDade last Tuesday afternoon.

Relatives and friends in this community received announcements of the wedding of Betty Marie Dunne to Emerson Sharp, on June 17th at San Francisco, Calif.

Geo. Mason called at all homes in this community this past week soliciting for the Fifth War Loan Drive.

The Highland Home Demonstration Club met at the home of Mrs. A. N. Green Tuesday afternoon, July 4th.

Due to the busy season of harvest there will be no Farm Bureau meeting this month.

## Johnson Items

Mrs. F. H. Bauer returned home from Denver, Colo., Thursday evening.

Mrs. F. M. Brazil returned home from an Amarillo hospital Tuesday. Mrs. E. J. Bauer and Carrie visited with Mrs. F. M. Brazil and Mrs. E. B. Harvey in Amarillo Monday evening.

Mrs. F. H. Bauer went to Amarillo Wednesday to see her daughter, Mrs. Buster Barnes who is in St. Anthony's hospital.

Mr. and Mrs. C. W. Bauer and Mrs. F. M. Brazil were in Amarillo Thursday on business.

Carrie Bauer spent Sunday evening with her sister, Mrs. Jack Glenn in Canyon.

Mrs. F. H. Bauer and Mrs. E. J. Bauer called on Mrs. F. M. Brazil Saturday morning.

Mr. and Mrs. I. L. Bauer and

children and Frances Davis visited in the E. J. Bauer home Monday evening.

Mr. and Mrs. Roy Stockett and sons and Thelma Bauer visited in the parental E. J. Bauer home last Thursday.

Mrs. F. M. Brazil and Mrs. E. J. Bauer were Amarillo callers Monday and called on Mrs. Buster Barnes and Mrs. Arthur Hardman.

Rev. and Mrs. E. C. Moehring and children from Lockney were supper guests in the E. J. Bauer home Sunday.

Una Bauer spent Saturday night with Mr. and Mrs. E. J. Bauer.

Francis Davis spent Saturday night with Elmer Bauer, Jr.

Julius Goettsch was an Amarillo caller Monday.

## CARD OF THANKS

Members of the Randall County Library Board wish to take this opportunity to acknowledge the gift of an assortment of books from the late Oscar Hunt's estate and to thank each person who in any way contributed to the gift and the moving of the books to the County Library Rooms in the Courthouse.

A degree of latitude measures about 60 miles, while a degree of longitude varies from 69 miles at the equator to zero at the poles.
